PROJECTS

Gram Panchayat e-Governance Portal *Mar 2026 – Jun 2026*

PHP, MySQL, HTML, CSS, JavaScript

- Built a web-based Gram Panchayat management system to digitize citizen services for rural administration.
- Implemented citizen registration, login, application tracking, and document upload modules.
- Designed an admin dashboard for application verification, certificate approval, and report generation.
- Enforced secure authentication, role-based access control, file upload validation, and SQL injection prevention.
- Added complaint status tracking and a document verification workflow to speed up grievance resolution.
- Optimized MySQL queries and indexed key tables, cutting average page load time by roughly 30%.

Job & Internship Portal *Jan 2025 – Jun 2025*

React.js, Node.js, Express.js, MySQL, HTML, CSS

- Engineered a full-stack job and internship platform with dedicated student, recruiter, and admin modules.
- Configured JWT-based authentication and role-based access control for secure user management.
- Established RESTful APIs and MySQL operations covering users, job postings, applications, bookmarks, and profiles.
- Enabled skill-, location-, salary-, and job-type-based search to streamline candidate discovery.
- Coordinated application tracking and recruiter workflows through responsive, real-time dashboards.
- Wrote unit and integration tests for core APIs, reducing post-deployment bugs during development.

Weather App *May 2024 – Jun 2024*

HTML, CSS, JavaScript

- Created a weather forecasting app with an engaging interface powered by the OpenWeather API.
- Devised JavaScript logic to recommend cities based on stored user preferences.
- Integrated dynamic search and filtering to improve overall interaction and usability.
- Crafted a responsive, mobile-friendly layout in CSS for consistent viewing across devices.
- Rendered live temperature, humidity, wind speed, and weather conditions with automatic refresh.
- Handled invalid city inputs and network failures gracefully through descriptive error messages.

CERTIFICATIONS

Employability Enhancement Program | Infosys *Nov 2024 – Dec 2024*

Programming in C++ | Udemy *Jul 2024 – Aug 2024*

SKILLS

- **Languages:** C, C++, PHP, JavaScript
- **Technologies/Frameworks:** HTML, CSS, SQL, MySQL, GitHub, React.js, Node.js, Cisco Packet Tracer
- **Domain Skills:** Data Structures & Algorithms, Responsive Web Design
- **Soft Skills:** Problem-Solving, Team Player, Adaptability

EDUCATION

Lovely Professional University **2025 – 2027**
Master of Computer Applications — CGPA: 6.36 Phagwara, Punjab

Mahatma Gandhi Kashi Vidyapith **2022 – 2025**
Bachelor of Computer Applications — CGPA: 6.57 Varanasi, Uttar Pradesh

SMT Lal Muni Singh Inter College **2020 – 2021**
Intermediate — Percentage: 68% Ghazipur, Uttar Pradesh

Sheth Andilal Podar School **2017 – 2018**
Matriculation — Percentage: 69% Mumbai, Maharashtra
